Ninety-eight percent of our students go on to graduate with an undergraduate degree, and eighty percent obtain a master’s degree or higher. Our standardized testing results are three times higher than Georgia public schools.
Where Champions Are Fostered

Excellence: Building a culture of preeminence and outstanding results through our focused engagement with each student.

Achievement: Inspiring each mind we touch to realize its fullest potential for greatness, by pushing each student to reach beyond the pinnacle of societal standards and expectations.

Access: Providing our students with intercultural immersion opportunities, mentorship, and unique world class learning experiences that allow them to expand their thinking and broaden their horizons.

Spirituality: Educating students on what it means to live a Christ-centered life and training them to be servant leaders with impeccable values.

Innovation: Adapting our curriculum design to ensure that each student is prepared for the world of tomorrow as they advance through this journey called life.

Decatur Adventist Junior Academy

Who We Are

Decatur Adventist Junior Academy has been in existence for over 21 years providing quality Christian education. We provide small class sizes where students can get individualized attention from loving teachers in a safe and nurturing environment. It is our mission to create life long learners and ambassadors for Jesus Christ.

What We Do

Our objective is to hone the mental, physical, spiritual, and social faculties of each child through love for God and humanity. This, along with academic achievement, will prepare them to be the architects of the global marketplace, a thriving society, and citizens of eternity.

DAJA features project-based learning which keeps the students interested and engaged as they experience hands on, real-world application of the curriculum.

How We Teach

As a School of Excellence with Magnet School Status and a STEAM School, our students are introduced to various areas of Science through our science lab. Technology is integrated with the use of iPads in each classroom along with our computer lab. Our robotics club provides the platform for understanding and executing Engineering. We provide a wide variety of the Arts which include drama, praise in motion, visual arts, photography, and music. While educating the whole person, high level Math skills are infused throughout the curriculum.

Additionally, our students are given the platform from which to understand economics and entrepreneurship as they start and run their own small businesses to create revenue. They are taught about tithing and charitable giving as a part of their business plan and are exposed to real life authentic learning as they create their own Shark Tank.

• 2x Adventist EDGE School of Excellence
• Magnet School Status
• Middle States School Accreditation
• Winner of the Ben Carson Scholarship for Math and Science
• Winner in all Divisions of the South Atlantic Conference Spelling Bee Competition

CORE VALUES

Excellence: Building a culture of preeminence and outstanding results through our focused engagement with each student.

Achievement: Inspiring each mind we touch to realize its fullest potential for greatness, by pushing each student to reach beyond the pinnacle of societal standards and expectations.

Access: Providing our students with intercultural immersion opportunities, mentorship, and unique world class learning experiences that allow them to expand their thinking and broaden their horizons.

Spirituality: Educating students on what it means to live a Christ-centered life and training them to be servant leaders with impeccable values.

Innovation: Adapting our curriculum design to ensure that each student is prepared for the world of tomorrow as they advance through this journey called life.
